- User are able to select hospital as origin place from dropdown list.

### Step 4: Enter unit Nos, bed/ward, patient's name and medical conditions

Unit Nos.  Bed/Ward:

Unit Nos.  Bed/Ward:

Patient's Name:  Medical Condition:

Patient's Name:  Medical Condition:

### Step 5: Enter destination of the job

**TO:**

Destination:  Select Hospital... Hospital:

- User can either key the exact destination of the job or select hospital from the drop down list.

#### Step 6: Selection final preparation and checkout before initiate the job

Accessories

- ☐ Oxygen
- ☐ Wheel Chair
- ☐ Stair Chair
- ☐ Stretches

Payment: **Cash**

Trip: **One Way**

[View Map](#)

- User can select Accessories to be prepare by ticking on Oxygen, Wheel Chair, Stair Chair or Stretches.
- User can then select type of payment either Cash or Billing
- User can then select type of trip either One Way or Two Way

#### Step 9: Assigning Job

Jobs Created by comfort (9-Dec-2016) Total Jobs: 1

SN	Job Number	Job Type	Ambulance	Time	Driver	From	To	Caller	Pl
1	JN-091216-156	Normal	861311006047731	10:30:00 AM	-	Eight Riversuites Singapore	National University Hospital (NUH)	Test Caller	12

- a. User able to see the available ambulance from the map.

Available Ambulance

- A3 (SKX 8036 M)**  
Petain Rd, Singapore  
6.4 km approximately 19 mins
- (SKL 5926 C)**  
2 Jurong East Street 21, Singapore 609601  
15.1 km approximately 20 mins
- A11 (SKX 8401 S)**  
10 Buangkok View, Singapore 539747  
15.7 km approximately 25 mins

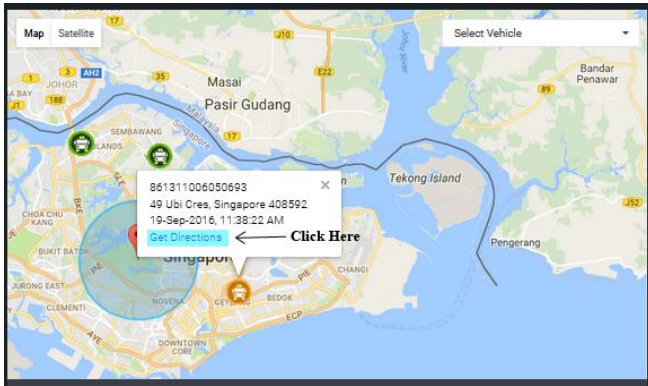

Summary: 21 Total, 4 Available

[Assign](#)

- b. User can tick one of the Available Ambulance for job assignment.
- c. Once ambulance is decided, user can click “Assign” button to send job.

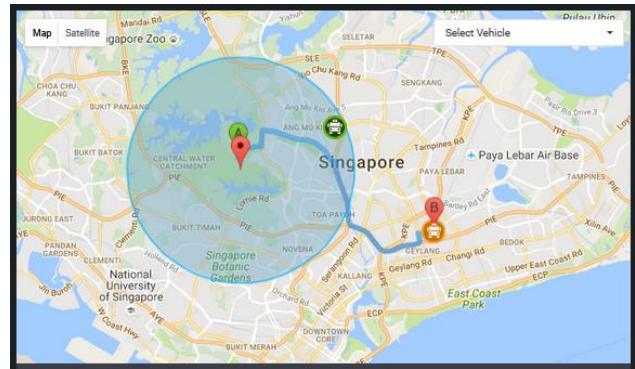

### Step 9.1: Check direction for selected vehicle.

- Click the direction from vehicle marker.

#### a. Result on clicked “Get Direction”.

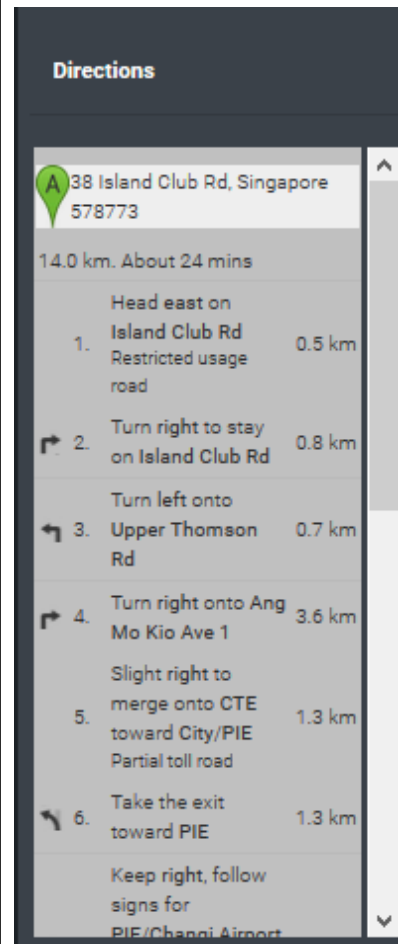

- Direction line will draw on map to show the distance between location and vehicle.

#### b. Direction result in detail.

- User can click the direction on the top bar to view the detail of direction.

#### c. Result for detail of direction.

## 5. DRIVER

5.1 The Drivers page allow user to create, view, modify & delete driver.

The screenshot shows the 'Drivers' page in the Comfort Ambulance system. The page has a sidebar with navigation options: Dashboard, Call Center, Drivers (selected), Vehicles, Zones, Jobs, and Settings. The main content area displays a table of drivers with columns: ID, Driver Name, Email, Phone, Address, Date of Birth, Remarks, Assigned Vehicle, and Driver Profile. The table lists several drivers, including 'eugene', 'Rahman', 'Saiful', 'Serina', and 'Firdaus'. Below the table, there is a pagination control showing 'Showing 1 to 10 of 23 rows' and '10 records per page'. At the bottom, there are buttons for 'Delete', 'Add Driver', 'Excel', 'PDF', and 'MS Word'. The footer of the page reads 'COMFORT AMBULANCE © 2016 - Ambulance Dispatch System' and the time is '11:53:24 AM'.

ID	Driver Name	Email	Phone	Address	Date of Birth	Remarks	Assigned Vehicle	Driver Profile
	eugene		97478509		1-Jan-0001, 08:00:00 AM		A3 (SKX 8036 M)	No Driver Photo
	Rahman		90272468		1-Jan-0001, 05:00:00 PM		A11 (SKX 8401 S)	No Driver Photo
	eugene		97478509		1-Jan-0001, 08:00:00 AM		A12 (SFX 8209 R)	No Driver Photo
	Saiful		97857244		2-Jan-0001, 11:00:00 AM		A1 (SKX 7867 M)	No Driver Photo
	Serina		92455289		2-Jan-0001, 02:00:00 AM		A7 (SKX 3668 R)	No Driver Photo
	Firdaus		91653444		1-Jan-0001, 05:00:00 PM		SDV 6527 U)	No Driver Photo

### 5.1 Driver Creation

a. Fill Driver's Name, Password & Company.

This screenshot shows the 'Drivers' page with a form for creating a new driver. The form is located on the right side of the page and includes fields for 'Driver's Name', 'Password', 'Re-enter Password', and 'Company'. The 'Driver's Name' field contains the text 'testingdriver'. The 'Password' and 'Re-enter Password' fields are masked with asterisks. The 'Company' field is set to 'Comfort Ambulance'. Below the form, there are 'Previous' and 'Next' buttons. The main table of drivers is still visible in the background, showing the same data as the previous screenshot. The footer of the page reads 'COMFORT AMBULANCE © 2016 - Ambulance Dispatch System' and the time is '11:54:32 AM'.

## b. Fill up the Driver's details

## 7. ZONE

7.1 The Zone page allow user to create, view, modify & delete location zone.

The screenshot displays the 'Zones' management page in the Comfort Ambulance system. The left sidebar contains navigation links: Dashboard, Call Center, Drivers, Vehicles, Zones (selected), Jobs, and Settings. The main content area shows a table of zones with columns for ID, Zone Name, Type, Date Created, Date Modified, Modified By, and View Zones. The table lists six hospitals, all of type 'Customize', created and modified on May 3, 2016, by 'systemacecom'. Below the table, there is a pagination control showing 'Showing 1 to 10 of 111 rows' and a dropdown for '10 records per page'. At the bottom of the table area, there are buttons for 'Delete' and 'Add Zone', and export options for 'Excel', 'PDF', and 'MS Word'. The footer of the page includes the copyright notice 'COMFORT AMBULANCE © 2016 - Ambulance Dispatch System' and the current time '12:02:36 PM'.

## 7.4 Confirm Submit the New Zone

The screenshot displays the 'Comfort Ambulance' software interface. On the left is a sidebar with navigation options: Dashboard, Call Center, Drivers, Vehicles, Zones (selected), Jobs, and Settings. The main area is titled 'Zones:' and contains a table of existing zones. A modal dialog box is open in the center, asking 'Are you sure you wish to submit?' with 'CANCEL' and 'OK' buttons. The table lists zones such as 'Changi Hospital', 'Gleneagles Hospital', 'Khoo Teck Puat Hospital', 'KK Hospital', 'Mount Alvernia Hospital', and 'Mount Elizabeth Hospital'. The right sidebar shows form fields for 'Zone Name' (ABC), 'Type' (National Boundary), 'Company' (Comfort Ambulance), and a 'Draw Zones' section with a 'Draw Boundary' button and a coordinate field. At the bottom, there are export buttons for Excel, PDF, and MS Word, and a footer with copyright information and the current time.

ID	Zone Name	Type	Date Created	Date Modified	Modified By	View Zones

## 11. FREQUENTLY QUESTIONS

Q. Why does my vehicle position defers slightly on the map as compared to the actual physical position A. GPS accuracy typically ranged from 5m to 30m?

Q. Sometimes the address seems to be slightly off?

A. Our addresses come from mapping services. We understood the issue and highly recommend to create zones that user can name it with familiar names to avoid confusion in areas that they encounter such issues.

Q. How do you calculate Speed & Mileage?

A. We estimate based on distance covered between the 2 GPS positions of the 1-minute interval. Thus, our system can derive an accurate speed if the vehicle maintains about the same velocity for a period of 3 to 5 minutes.

The mileage is calculated in same manner. A straight line distance is estimated between the 2 points in the 1-minute interval. Users can self-update the mileage on the Assets page to keep current with the actual mileage clocked by the vehicle.
